COMPANY OVERVIEW

Zyro Dynamics Pvt. Ltd. is a product-based enterprise software company headquartered in the United States. Founded in 2014 by Lamine Yamal and Aitana Bonmati, the company was built on a single conviction: that organisations of all sizes deserved intelligent, intuitive software that could grow with them. What started as a 12-person startup building HR automation tools has grown into a 4,500-strong company with a presence across India, the Middle East, and North America.

The company's name is inspired by Zyro, a symbol of innovation and dynamic growth. It reflects the company's ambition to be a guiding light in enterprise technology, and its commitment to helping organisations navigate complexity with clarity and confidence.

Zyro Dynamics operates exclusively in the B2B SaaS segment, serving mid-sized and large enterprises across industries including financial services, healthcare, manufacturing, and professional services. As of April 2025, the company's products are used by over 1,200 enterprise clients across 28 countries.
