Version	V.02
Effective Date	01 April 2025
Document Owner	HR Department and Finance

INTRODUCTION

Zyro Dynamics is committed to providing all employees with a clear understanding of their compensation and benefits, and to maintaining a motivated, high-performing workforce by offering competitive rewards. The Company operates a compensation structure that aims to achieve fairness and equity for similar roles within the organisation, create appropriate differentials across grade levels, provide strong incentives for high performance, and remain competitive with the Indian IT product industry.

The confidentiality of individual compensation details and employment contract terms is to be strictly maintained at all times. Employees must not disclose their compensation to colleagues, as violations of this principle may attract disciplinary action.

SALARY PAYMENT AND PAYROLL

Salaries and professional fees are processed and credited to the employee's registered bank account by the 7th of the following month. Any changes to payment dates for a given month will be communicated to employees in advance by the Payroll team.

Payroll Cut-Off Date

The payroll cut-off date is the 24th of each month. Any leave without pay, new joinings, or separations after the 24th will be adjusted in the subsequent month's payroll cycle. New employees joining after the 24th will still receive their salary for that month on the standard payday, with the salary calculated on a pro-rata basis.

SALARY DEDUCTIONS

The Company may make deductions from an employee's salary in the following circumstances:

- Leave without pay in the current payroll period.
- Recovery of mistaken overpayment of salary from a previous period.
- Contributions towards statutory funds such as Provident Fund and ESIC, as applicable.
- Income tax deducted at source (TDS) based on the investment declarations submitted by the employee at the beginning of the financial year.
- Recovery of salary advances, loans, or equipment costs as per the agreement at the time of issuance.
- Recovery of notice pay shortfall in the event that an employee does not serve the full notice period on resignation.

Note: Zyro Dynamics ensures that no deduction will cause an employee's net salary to fall below the applicable statutory minimum wage for their location.
